Tenant and owner agree as follows:

Breeder undertakes:

That he/she takes all the costs for the embryo transfer.

That he/she will take care of the transfer of the surrogate mare with embryo from the owner to the breeder, between the 42nd and 50th day of gestation. From day 50 of the gestation there will be charged stable fee a day, to be paid by transfer.

The agreed rental amount of € 3.250 ,- for the surrogate mare have to be credited to the bank account of the owner (IBAN) NL69RABO0366401084.

From the day of the transfer of the surrogate mare, the breeder will be responsible for the housing and the health of the mare and the embryo.

Breeder is responsible in case of damage caused by the breeder in the period the mare is made available. No matter what the damage will be.

Breeder is responsible for the insurance to protect the risks, written above.

Breeder will take care of the health care, like immunizations at least once a year.

If the surrogate mare dies even if the breeder despite good care, the breeder has to inform the owner as soon as possible and within 14 days after the death of the mare the breeder has to pay € 1.500 as compensation on the bank account of the owner.

Breeder will ensure that the surrogate mare is brought back to the owner after the 4th or 5th month after the birth of the foal.

Owner agrees that he:

Knows that the embryo in the surrogate mare is owed by the breeder.

De owner will check the mare with the ET specialists if the mare is useful as surrogate mare. The mare is also accompanied by these ET specialists.

The owner is no longer responsible for the mare from the moment de mare is transferred to the breeder.

Additions:

Unwanted behavior or stable defects of the mare are discussed with and accepted by the breeder.

As a breeder does not fulfil his/hers appointments for the 100th day gestation, without losing rights of owner, the property of the embryo pass to the owner of the mare.

Breeder and owner staked that the Dutch law is applicable to this agreement.
